

REVOLUTION IN GREECE ADDS TO COMPLICATIONS

Already Tense Situation More Complex by Uprising

(By The Associated Press)
LONDON, Sept. 27.—A Greek revolution has been added to the ever deepening near eastern difficulty and the allies are now faced with a more complex situation than ever. An impromptu cabinet meeting tonight found the ministers in a pessimistic mood. The only comforting aspect of the critical situation has occurred between the British and Turks in the Chanak zone.

In other respects the situation contains every element of danger. The Kemalists who are on both flanks of the British line at Chanak, apparently refuse to budge and even decline to recognize the existence of a neutral zone.

After the cabinet council tonight the proposed peace conference, was described as "not on the horizon at present."

Yet until the conference materializes every one here realizes that the danger is extremely grave. Both British and Turks are hastening the concentration of their forces and the British public apprehensive that any moment might bring about an unfortunate incident, setting the opposing forces in action.

The people are anxiously asking how the disappearance of King Constantine and the new situation in Greece will affect the question of Greek evacuation of Eastern Thrace required by the allies and insisted upon by Kemal Pasha as a preliminary to any peace conference.

From the confused and conflicting accounts reaching here from Athens this is a matter of extreme uncertainty.

The revolution seems to have taken two different lines, one demanding the defense of Thrace, the other asking for the formation of a pro-entente government. It is also reported that General Papoulas, the new military governor of Thrace has gone to the revolutionists' headquarters in the Larium region to consult with the leaders of the coup. Until more definite news is received, it is impossible to estimate what the situation will develop.

POISON LIQUOR RAIDERS AT WORK

(By The Associated Press)
NEW YORK, Sept. 27.—Poison liquor raiders, who have waged a continuous campaign in Brooklyn since the recent series of deaths from poison concoctions in the Red Hook section made their third big haul today seizing 10 barrels of "reprocessed" alcohol in a public street garage.

Ernest A. Foster, owner of the truck on which the liquor was loaded, was held on a charge of illegal possession of alcohol.

The truck with the load had been standing in the garage since District Attorney Ruston started his drive against bootleggers following the Red Hook deaths, garage attendants said.

The alcohol, from which part of the poison only had been removed was similar to that which caused the Red Hook deaths, assistant District Snyder declared.

IOWA MAN SAYS WILL BE MILD WINTER

(By The Associated Press)
FORT DODGE, Iowa, Sept. 27.—A beautiful fall and a mild winter were forecast today by Eugene Dunning, Fort Dodge's well known weather prophet. His prognostication today is his regular semi-annual description of the weather that is to follow.

"We'll have some weather colder than last winter but most of the weather will be mild," he said. "We are sure to have a beautiful fall and I think a mild winter."

Mr. Dunning has kept an accurate description of the weather for the past 40 years. He has not missed on a forecast in five years.

WEATHER

Illinois: Fair Thursday and Friday, with slowly rising temperature; gentle moderate east to south winds.

ANNUAL PARADE OF G. A. R. MEN TOOK PLACE YESTERDAY

Most Important Business Today is Election of Commander

(By The Associated Press)
DES MOINES, Iowa, Sept. 27.—With the fifty-sixth annual parade of the veterans of the Grand Army of the Republic over and most of the participants relaxed from their wearisome march, delegates to this year's national encampment tonight were discussing events that will take place tomorrow when the first business session of the reunion convenes.

The election of a new national commander in chief to succeed Commander Lewis S. Pilcher of Brooklyn, N. Y., will be the most important business. It appears that Judge J. W. Willett of Tama, Iowa, will be the unanimous choice of the delegates as he is the only veteran whose candidacy is being urged.

There is less talk of taking action in answer to the resolution passed at the last reunion of Confederate veterans at Richmond, Va., charging President Lincoln with being personally responsible for the civil war.

Commander Pilcher has said it is his opinion the matter will be ignored. Other national officers have said that the Confederate veterans' charge will be answered.

A pathetic incident to the parade was the death of W. W. Wackenhause of White Bear Lake, Minn., within 50 yards of the reviewing stand at the capitol extension grounds.

During the parade Mackenhausen dropped from the line of march each time he came to a group of children to shake their hands and to dance a war time jig for their entertainment. This exertion, coupled with the excitement of the day, proved too much for the aged veteran, who was past four score milestones, and he collapsed from apoplexy just after passing the reviewing stand.

He died within 15 minutes.

The parade was declared by national officers of the G. A. R. to have been one of the greatest ever held. The parade was more than three hours in passing a given point.

The veterans marched to the tunes made famous during the civil war. The Spanish American war and by the world war. Thousands upon thousands of Iowans and others cheered the heroes as they passed along the line of march.

GEORGE BECOMES KING OF GREECE

(By The Associated Press)
ATHENS, Sept. 27.—King Constantine, bowing to the will of the army and navy, has abdicated and Crown Prince George, who married Princess Elizabeth of Romania, becomes King of Greece.

"Until the people say they want me no more, I shall hold my throne," the King declared to The Associated Press correspondent last night. He accepts this swift revolution as the voice of the people.

The revolutionary army is marching on Athens and will reach the city tonight. Three hundred army officers visited the King and urged the formation of a military cabinet. They were ready, they said, to put themselves at the head of the people to combat the revolutionists, maintain order and defend the king.

A street demonstration of prominent citizens acclaimed Venizelos as a republic. There was a routine and former Minister of Agriculture Sideris was wounded.

Oddly enough it was the former American warship Idaho now the Greek Lemnos, that started the revolution in 1913 Greece bought the Idaho and Missouri. The Idaho was named Lemnos after the naval victory against the Turks in 1912 off the island of Lemnos. The Missouri was named the Kilkish after a famous battle against the Bulgarians.

TELEPHONE COMPANY TO MAKE EXPERIMENTS

CHICAGO, Sept. 27.—The board of directors of the Illinois Bell Telephone Company today approved an expenditure of \$288,961 covering a new plant for Chicago, and for Illinois outside of Chicago, \$455,146, making a total of \$744,107.

GOES ON TRIAL ON MURDER CHARGE

Council Bluffs, Iowa, Sept. 27.—The trial of Mrs. Linnie Taylor on a charge of murder in connection with the shooting to death of Sam C. Frieden, prominent local business man, began today. Mrs. Taylor alleges that Frieden had attempted to attack her on previous occasions.

HERE FOR VISIT

Edward Kitcher is here from Springfield for a few days on business. Mr. Kitcher has just completed the erection of a home for his daughter, Mrs. H. A. Goodrick, in Springfield. It is a handsome brick dwelling of bungalow type and is located in the 800 block on South Second street. Mr. Kitcher has taken special pride in this house and it is modern in every way.

OPEN SEASON ON BANK ROBBERS IN EUREKA SPRINGS

Citizens Pot Five Who Attempt to Rob Bank in That City

(By The Associated Press)
EUREKA SPRINGS, Ark., Sept. 27.—Five bank robbers armed with this morning's town in two automobiles at 11 o'clock this morning to rob the First National Bank. Tonight the bodies of two of them are in an undertaker's establishment, one bandit is so badly wounded his death is momentarily expected and two other members of gang with several wounds, are in the guard jail, as the result of a battle between the bandits and citizens.

The dead robbers have been identified as Sid Wilson and George Price both of Crookstown, Okla. Charles Price, brother of George Price is the man not expected to live and Mark Hendricks, Park Hill, Okla., and Sam Cowan, driver of one of the bandits' automobiles are the men in jail. Charles Price was operated on tonight.

On entering the town this morning the men drove directly to the bank. They made the usual commands, which were obeyed by the bank employees.

The robbers rifled the bank vaults securing \$95,000 in bonds and \$25,000 in cash which they placed in sacks.

While they were at their work, E. G. Smith, cashier, stepped on a button which sounded an alarm simultaneously in five business houses.

The citizens were ready when the quintet emerged from the bank with their sacks of loot. From places of vantage gun fire was directed at the robbers who returned the hail of lead.

Ernest Jordan, jeweler, whose place of business adjoins the bank killed one of them instantly and wounded a second man, Joe McKinney, attorney, fired from an upper window of a building across the street and he duplicated Jordan's feat. Except that Jordan received powder burns no citizen was wounded.

Due to the fact that the town is built on a mountain side, the streets are not on level and steps lead down from one street to another. The citizens took advantage of this and occupied positions on a street on a higher level than the bank firing downward at the bandits.

DAUGHTER ASKS GOVERNOR TO HELP

(By The Associated Press)
NEW BRUNSWICK, N. J., Sept. 27.—Charlotte Mills, 14, wrote a letter to Governor Edwards asking him to help her find the murderer of her mother, Mrs. James Mills, who was slain two weeks ago tomorrow with Rev. Edward Hall, rector of the Protestant Episcopal Church of St. John the Evangelist. In her letter Miss Mills wrote that she had heard that a political gang which is running things, was interfering with the investigation of the shooting of her mother.

The authorities who have been employed for the past several days on an intensive study of the case in the use of supporting clues in the case and then jealousy, as motives for the crime announced tonight they were investigating the activities of a secret society in the absence of other definite leads.

Prosecutor Stricker said this new theory had been taken up on the discovery of conclusive evidence that the society was an active force in New Brunswick.

The authorities, while declining to discuss other evidence which they indicated was in their possession, substantiating the theory that self appointed moral censors were responsible for the dual slaying, indicated they were following other clues.

ORDER ISSUED BY COMMISSION

Chicago, Sept. 27.—The Illinois commerce commission this afternoon ordered that carriers engaged in the transportation of interstate traffic within Illinois and tariff publishing agents be authorized to file revised state on brick articles making brick rates in line with rates to be established between the same points on interstate traffic.

ORGANIZED ROBBERS IN WESTERN CANADA

Regina, Sask., Sept. 27.—That an organized band which combines bootlegging and run running bank robbing and which has its headquarters in the United States, responsible for the series of daring bank holdups staged in Western Canada recently, is the theory held by Provincial police here.

FOREST FIRES THREATEN TOWN

Duluth, Minn., Sept. 27.—Fairbanks tonight was reported threatened by forest fires around the city.

RETURN FROM HOT SPRINGS

Howard Wanamaker and E. G. Ransdell have returned from a stay of five weeks at Hot Springs, Ark. Mr. Wanamaker has been a sufferer from rheumatism for a long period and took a number of baths at the springs which he says greatly benefited him.

Condensed Telegraph News

(By The Associated Press)

St. Louis, Sept. 27.—Police investigating the disappearance of the body of Miss Celestine Schneider, 18-year-old, from a grave in Mount Hope cemetery in St. Louis county today, discovered the body of a person, at first believed to be a man, found burned to death in the ruins of a garage, was that of a young woman. They announced they are attempting to determine whether there is any connection between the two.

Galesburg, Ill., Sept. 27.—Carelessness of a crook in dropping a letter here yesterday, is believed to have frustrated an attempt to rob the Galesburg National Bank. The letter which was found on a downtown street, contained complete plans of the interior of the bank, and accurate description of the Galesburg police force. Part of the letter was written in code and it was addressed to Josephus Arlington, South Halsted street, Chicago.

Chicago, Sept. 27.—The stenographic record of the government injunction suit against the striking railway shop crafts in federal court here in which District Judge Wilkerson issued a temporary injunction against interference with the railroads, approximates 2,100,000 words. The record covers 7,000 typewritten sheets each containing about 300 words.

Centerville, Ill., Sept. 27.—Mrs. Charles Mills, 35 years old, a prominent church and club woman of Olin, 9 miles from here, was killed there last night when struck by a Baltimore and Ohio express train. She was walking across the tracks when struck.

San Francisco, Sept. 27.—A canvass of bankers and brokers here made by the San Francisco Chronicle reveals that San Franciscans have lost at least \$25,000,000 speculating in German marks. The same source estimates Californians have lost more than \$100,000,000 as a result of the fall of the mark.

St. Louis, Mo., Sept. 27.—Gov. Hyde announced here today that he would appoint J. W. Palmer of Sedalia, a republican, state beverage inspector, to succeed Thos. Speed Mosby, democrat incumbent.

The governor recently asked Mosby for his resignation, but Mosby has defied him, contending that his tenure of office runs until 1923.

Chicago, Sept. 27.—Theories that a bomb caused yesterday's early morning explosion in the Illinois Merchants Trust building, injuring five men, have been disproved, according to an announcement by the fire attorney's office which laid the blame to a weak valve on the air compressor which blew up.

Robert Covert, operator of the compressor who was found behind his wrecked machine, remained in a critical condition with his eye sight apparently gone.

Yuma, Ariz., Sept. 27.—A cloudburst in the Chocolate Mountains north of Yuma last night washed out about two miles of the Southern Pacific company's main tracks, 30 miles west of here, near Calais, California. Overland traffic on the Southern Pacific, the officials said would be detoured thru Mexico until the tracks have been re-established.

San Francisco, Sept. 27.—A canvass of bankers and brokers here made by the San Francisco Chronicle reveals that San Franciscans have lost at least \$25,000,000 speculating in German marks. The same source estimates Californians have lost more than \$100,000,000 as a result of the fall of the mark.

SENATOR J. A. REED FAVORS MODIFIED PROHIBITION LAW

Makes Statement in Opening Speech of Campaign

(By The Associated Press)
MEXICO, Mo., Sept. 27.—Declaring for a reasonable modification of the prohibition law Senator James A. Reed tonight opened his campaign for re-election to the democratic ticket.

He assailed the new tariff as the "most monstrous scheme of plunder ever conceived by selfishness or greed," and attacked the Harding administration.

Senator Reed had been challenged by his Republican opponent, R. R. Brewster, to declare himself on the prohibition question in tonight's speech. Brewster, in the primary campaign declared himself as being "as dry as the 18th amendment."

Mr. Reed stated he favored reasonable, modification of the dry law so that the rights of the citizens shall be protected "against unwise and often brutal acts of prohibition officials."

The senatorial nominee referred to Secretary of the Treasury Mellon as "perhaps the wealthiest man in the United States," and stated that Mr. Mellon "interposed his powerful arm to prevent the passage of the first soldier's bonus bill."

Later, he said, a "so-called bonus bill was passed with the almost certain knowledge that it would be vetoed."

"So far as this administration is concerned," he continued, "the soldiers who served their country will take their pay in compliments and cheers."

Senator Reed also attacked the new tariff law.

STATEMENT IS ISSUED BY DEBS

(By The Associated Press)
CHICAGO, Sept. 27.—Eugene V. Debs issued a statement tonight that the reason that the Brotherhood of Locomotive Firemen and Engineers, in their recent convention at Houston, Texas, defeated a resolution to invite him to address them was that "their masters, the railroad owners and managers who control their jobs, do not like me, and how can they afford to have anything to do with me?"

One of the delegates, Mr. Debs' statement says, has written him to apologize for the convention's action, and says they will some day be ashamed of it. "Perhaps," he comments, "but that will be time enough. I did not start out (in the labor movement) expecting gratitude and I have never been disappointed. My heart has been, is and will be, with the working classes, and even though they deny and reject me and turn me from their ranks, they can never turn themselves from my heart."

ALDERMAN FLYNN IS SERIOUSLY ILL

Alderman Thomas Flynn was taken to Our Savior's hospital last night and submitted to an operation for acute appendicitis. Dr. Norris assisted by Dr. Wolman performed the operation. Mr. Flynn's condition is regarded as serious.

MINNETONKA COUNCIL IN REGULAR MEETING

Members of Minnetonka council No. 71 Degree of Pochontas held an interesting meeting in Odd Fellows hall on West State street Wednesday evening. There was a large attendance and plans for the coming fall and winter were discussed. Mrs. Etta Sigfried is the representative to the great council meeting to be held in Springfield next week. Mrs. Laura Larson will be advanced to the stump of Great Wenona at this session. Following the business session the members enjoyed refreshments.

BIG FOUR EMPLOYE SERIOUSLY WOUNDED

Mattoon, Ill., Sept. 27.—Hubert Crow employed in the Big Four railroad shops here was seriously injured by one of four men. Charles Willis is being held following his alleged identification by the wounded man as one of the assailants. Crow's home is in Tompkinsville, Ky.

SUFFERER BROKEN ARM

Oscar Bergland of 435 North Webster avenue suffered fracture of the arm yesterday afternoon while cranking a Ford at his home. The accident occurred about 3:30 in the afternoon and the young man was immediately taken to a surgeon's office where the injured arm was given attention. The right arm was fractured and Mr. Bergland will be unable to use it for some weeks. Mr. Bergland resides with his mother, Mrs. Hannah Bergland on Webster avenue.

RETURNS TO WASHINGTON

Miss Irene Hansen has returned to Washington, D. C., to resume her duties after a month's leave following the death of her mother, Mrs. Mary Hadden and sisters, Misses Bea and Grace Hadden, 345 Caldwell street.

FOG BREAKERS GET IN WORK AT PITTSBURGH

Scientists Believe They Have Solved the Fog Problem There

(By The Associated Press)
PITTSBURGH, Sept. 27.—A large section of Pittsburgh fog was completely put out of business today by local scientists existed by officials of the weather bureau and experts from the United States engineering department.

The initial experiment conducted on the Monongahela river, was pronounced a "distinct success." The official fog removers expressed themselves as confident that considerable "Pittsburgh gloom" will be avoided this fall and winter, provided moderate funds are available.

The keynote of the experiment was the lubricating of the Monongahela river, from Rice's Landing to a point one and one-half miles upstream early this morning. The report was made public tonight.

Notified by the weather bureau that a cold wave would sweep thru the valley, the scientists took the government boat Evelyn Gerick and a large fleet with sprinkling apparatus and proceeded to Rice's Landing. As the cold air and warmer water met and fog began to form, a thin spray of oil and organic acid was spread over a broad area of the river. The fog dissipated rapidly. The oil prevented union of the air and water.

Major J. Franklin Bell, of the federal engineering department; Dr. E. Ward Tillotson of the Mellon Institute and Dr. H. B. Miller, city smoke expert, were included in the party.

Another experiment on a much broader scale, will be held as soon as the weather bureau forecasts another nice, thick fog, they said.

CAN'T PAY SALARIES TEACHERS QUIT JOBS

(By The Associated Press)
WEST FRANKFORT, Ill., Sept. 27.—Inability of the Gering and Frankfort townships to pay their salaries today caused 91 elementary school teachers to abandon their classes. As a result, approximately 3,800 children were sent home for an unexpected vacation of undetermined duration. Not a sad face was noticeable among the hundreds of children as they trotted home.

Springfield, Ill., Sept. 27.—The State of Illinois is without authority to step in and pay school teachers salaries for community boards of education. Abandonment of their school classes by 91 teachers in two townships in Franklin county today because of the failure of a bond issue election yesterday was characterized by Jacob C. Thompson, legal adviser of the state superintendent of public instruction, as illegal.

"Teachers' orders, which are acceptable by banks as negotiable paper, may be issued by the local school boards to the teachers," Mr. Thompson said.

Teachers' orders, Mr. Thompson explained, may be issued whenever a board of education has no money in the treasury to pay their salaries. These orders draw six per cent interest, he said, and may be issued to the limit of five per cent of the equalized assessed valuation of the taxing district.

"Banks," Mr. Thompson said, will be glad to take six per cent paper.

Mr. Thompson said the Dinning and Frankfort township boards had no authority to issue bonds to pay teachers' salaries, as money for salaries is provided only by taxation. The \$64,000 bond, was intended, solely, he opined, for school building expenses. The action of the teachers was consequently due to their disappointment, or due to a misunderstanding of the school law, he said he believed.

DESTROYERS ORDERED TO CONSTANTINOPLE

Washington, Sept. 27.—Secretary Denby today ordered two destroyer divisions comprising 12 destroyers to proceed as early as possible from Norfolk to Constantinople with extra supply of provisions in response to a request from Rear Admiral Mark Bristol, American high commissioner at Constantinople, that they be sent "for the protection of American interests."

In addition the supply ship bridge will proceed as soon as possible to Constantinople.

CAN'T KILL PRINTER

Chicago, Sept. 27.—Basil Wallace, 24, a printer, who died off a pier and broke his neck two weeks ago, will recover, according to Polytechnic hospital authorities. He has been saved, physicians said by an apparatus which stretched his neck, relieving the pressure of three broken vertebrae on the spinal cord.

WORKING IN MURPHYSBORO

E. E. Bringle, Post Telegraph operator at Mounds, Ill., is now working in Murphysboro, Ill., after the resignation of J. J. Bringle had been accepted by the office at Murphysboro before he was transferred to Mounds. He formerly resided in Jacksonville.

SPEND OVER HALF MILLION IN MISSION'S

Pittsburgh, Sept. 27.—Action of the national Lutheran society of the United Lutheran church in foreign lands during the past year's cost of \$525,000.

BRITISH-TURK WAR AVERTED TEMPORARILY

Late Declaration by Kemalists Clears Situation

(By The Associated Press)
CONSTANTINOPLE, Sept. 27.—Possible war between Great Britain and Turkey was at least temporarily averted this afternoon by an eleven-hour declaration of the Kemalists that they would respect the neutrality of the straits pending an armistice conference. The decision relieves the situation which even the British had admitted was critical.

In a message to Kemal Pasha at Smyrna, General Harrington urged an early meeting of the British and Kemalists generals at Mudania or Ismid as the most effective way of reaching an amicable understanding in the present difficult situation created by the Kemal advance in the Dardanelles.

The message, which was most conciliatory in tone, declared it would be a pity at the present juncture to allow local occupations on the straits to jeopardize peace.

Prior to announcement that the Kemalists would respect the neutrality of the straits, Hamid Bey, the Angora representative said to the correspondent:

"The Kemalists naturally will come across the so-called neutral zone, but they have not the slightest intention of firing upon the British or occupying those zones. If the British move against us we will be forced to reply."

General Harrington replied to Kemal Pasha thanking him for the declaration that he would respect the neutrality of the straits and that he wished to avoid a conflict. The British commander added that the destruction of which Kemal complained was prompted by military necessity and declared that no shot had been fired against the Turks in anger nor would he except under his orders.

WEATHER IS FAVORABLE THRUOUT COUNTRY FOR THE MATURING OF CROPS

Weather Bureau Issues Weekly Report of Conditions

(By The Associated Press)
WASHINGTON, D. C., Sept. 27.—Weather conditions in most parts of the country the past week were favorable to the rapid maturing of late crops, according to the Weekly Review of Crop Conditions by the weather bureau issued tonight.

The bureau's study showed that insufficient moisture in many parts of the country had damaged pastures and meadows and had affected fall seeded grains.

Rain was needed also the review reported for the preparation of the soil and the seeding of fall grains over large areas. The minimum of moisture permitted harvesting to go forward rapidly, excepting a few places in the south.

Frosts occurred in Colorado and in the Northern States from Minnesota eastward the review said, but caused little damage. The frost damage reported by the bureau was confined largely to Michigan where potato vines were affected and unmaturing beans suffered.

Highways in virtually all sections were declared by the bureau to be in satisfactory condition for the transportation of crops to market.

HAYS HIRED FOR POLITICAL PURPOSES

(By The Associated Press)
STREUBENVILLE, Ohio, Sept. 27.—Will Hays has been employed by the motion picture interests for political purposes and not to clean up the movies, as people would believe, the Rev. B. F. Lamb, executive secretary of the Ohio Federation of Churches, charged in an address before the conference of the United Presbyterian synod of Ohio today.

BRYAN TO CAMPAIGN FOR DEMOCRATIC PARTY

Lincoln, Neb., Sept. 27.—Beginning October 9, and continuing for ten days thereafter, William J. Bryan speaking on state and national campaign issues will tour Nebraska and deliver

A THOUGHT

Pride goeth before destruction; and a haughty spirit before a fall.—Proverbs 16:18.

He that is proud eats up himself; pride is his own glass, his own trumpet, his own chronicle; and whatever praises itself but in the deed devours the deed in its praise.—Shakespeare.

The ex-kaiser's memoirs now occupying several columns daily

In a number of the metropolitan papers, do not attract near the interest that would have been true had Wilhelm's statement been given publication in days nearer to the world war.

Now that the coal strike is over and the shopmen's strike at least partially settled, people of Morgan county would very much appreciate action on the part of the receivers of the Chicago & Alton railroad which would restore the old train schedule. The action of the Alton in taking off the trains was no doubt necessary but the service is greatly missed.

Nearly 14,000 bills have been introduced in the 67th congress. Out of this number about 1,000 were passed. Even this percentage is better than was true of the last previous session. The records give emphasis to the statement of long time legislators who state that any one can introduce a bill but that it takes a wise man to "put one thru the mill."

Pete P. Newman, who is showing coal in a Springfield mine, claims to be the heir apparent to the throne of Abyssinia. Perhaps this princely feeling has come to Mr. Newman since he began working regularly in an Illinois mine.

Senator Frelinghuysen's hand-made majority in New Jersey leaves no doubt about the standing of the Harding administration in that state. As this Republican senator is listed as a dry, his contest with former Governor Edwards, the Democratic candidate and an avowed wet will take on special interest.

Several coal jobbing companies have issued price circulars showing advances over the high prices already quoted by operators. This looks like merely a further effort to "bait the market." Meanwhile the operators are all praying for cold weather.

Fire prevention week is the next on the docket and this observance really has much to emphasize its worth. Statistics are available to show that nearly all fires are preventable. Public education against carelessness and neglect can accomplish much.

Observe next week by making certain that the basement of your residence or place of business is free from rubbish and that your chimneys are in proper condition.

The junior college at Joliet furnishes two years of school training beyond the high school and

BERTON BRALEY'S DAILY POEM

Tolerance

BY BERTON BRALEY

A LITTLE boredom now and then,
Is healthy for the brightest men;
It touches patience, calm and poise,
And adds a fillip to our joys;
For when you've listened to a bore
For half an hour or maybe more,
You are so glad to get away
That anything will make you gay.

THE dullest books, the dullest folks,
The funniest of tales and jokes
Enhance your natural delight
In anything that's new and bright.
So when a bore drones in your ear
Long yawns you do not want to hear,
Consider, as he talks to you,
How glad you'll be when he is through.

IF you can listen with a smile
While he goes on in dreary style,
If you don't Crack Beneath the Strain,
Think how your Character will gain!
You've learned the secret of control,
And you are Captain of your soul.
The bore's a useful chap, you see—
From whom, Good Lord, deliver me!

(Copyright, 1922, NEA Service)

MATRIMONY

At three o'clock yesterday afternoon, in a ceremony performed at the home of the bride's mother, Mrs. J. B. Clark, on South East street, Miss Cleo Clark became the bride of Jay Dee Weaver of this city. The ceremony was performed by Reverend C. D. Robertson of Centenary church and only a few intimate friends of the young couple were present at the marriage. Miss Lavina Weaver, who is a student at Illinois Woman's college, and a sister of the groom, was present.

The young couple have many friends in Jacksonville and are well known here. Mrs. Weaver has lived here for a number of years, attended the local schools and was last year a student at Jacksonville high school. Mr. Weaver is the son of Reverend S. T. Weaver, pastor of the Methodist church at Tower Hill, Ill. He has been in Jacksonville for a year and was a salesman with Swift & Company.

Mr. and Mrs. Weaver left yesterday afternoon for St. Louis and they will spend a short time there before returning to Jacksonville. Their future plans have not been settled but they will probably make their home in Jacksonville.

Teachers in the West Frankfort schools to the number of 10 or more quit their work yesterday because no funds have been provided to pay their salaries. The teachers say that this is not a strike, but that they simply quit because they must have funds to pay their living expenses.

Perhaps this is really a strike with another name. It now will be proper for some Illinois organization to conduct a campaign to raise funds for the payment of the teachers' salaries.

Measured in dollars, American exports to Europe are more than twice as big as before the war, but there has been a considerable falling off compared with a year ago.

From the first of the year to Aug. 1, we sent to Europe about \$637,000,000 worth of goods more than she shipped to us. This, when it comes to balancing the books, leaves us figuratively in the hole at a rate of \$1,000,000,000 a year.

Which is doing fairly well at helping Europe back on its feet, considering what she already owes us. Of course, some of this trade debt is balanced in gold, but only a fraction of it. A great mystery, where the financing funds come from.

The complaint from Europe must be because we don't give our stuff away instead of selling it on credit.

How about trade with South America, which we used to hear so much about? Well, it's growing.

For the first seven months of 1922, our exports to South American countries totaled around \$122,000,000.

However, in the same months, we bought from South America \$65,000,000 more than we sold her.

So our trade in that direction is growing—in the wrong way.

Our trade with Asiatic countries—China, Japan, India, etc.—is also running twice as big as before the war.

In the first seven months this year our exports to Asia totaled \$273,000,000. But Asia shipped us about \$151,000,000 more than we shipped her.

We sell Europe more than she sells us. We sell Asia and South America less than they sell us. Logically the situation should be

Black-Bourn

The marriage of Miss Dorothy Bourn and Mr. James R. Black took place Wednesday afternoon at 3 o'clock at the home of Rev. George T. Wetzel, 931 South East street, the words making the couple man and wife being pronounced by the Reverend gentleman.

The bride is the daughter of Mr. and Mrs. William Bourn of 321 Franklin street. Before, taking up her residence in this city she lived with her parents in the Shiloh neighborhood. The groom is a member of a well known family in the Shiloh vicinity. The young couple will take a trip to Topeka, Kansas and visit in the west for a while. On their return to this city they will be at home on South Clay avenue.

The bride is the daughter of Mr. and Mrs. William Bourn of 321 Franklin street. Before, taking up her residence in this city she lived with her parents in the Shiloh neighborhood. The groom is a member of a well known family in the Shiloh vicinity. The young couple will take a trip to Topeka, Kansas and visit in the west for a while. On their return to this city they will be at home on South Clay avenue.

The main highway to Winchester west of Lynnville is being treated to a coat of oil to the Morgan county line and the highway south of Lynnville is also being oiled south to the county line.

Misses Lena Mollenbroek and Isabel Mallon have returned home after a vacation trip to Colorado. They visited Denver, Colorado Springs, and other points of interest.

Mrs. Vol Sevier of Sinclair was a shopper in Jacksonville yesterday.

reversed, for it's only by importing more than we export that we can ever hope to get back what we have loaned Europe.

LEGION MEN RETURN FROM CONVENTION

R. Y. Rowe Re-Named Chairman for 20th District — Charles Kohl is Delegate to the National Meet.

Adjutant Reaugh Jennings, John W. Larson and Charles Kohl, who are delegates to the American Legion convention at Rock Island, returned to Jacksonville yesterday. At this convention Mr. Kohl was elected one of the delegates from this district to the convention at New Orleans. The other delegate is William Bridges of Jerseyville.

R. Y. Rowe was again chosen as chairman of the district executive committee. The convention was largely attended, more than 500 delegates answering roll call.

As indicated in previous reports, a deficit of nearly \$25,000 was shown due to the extent of relief work done by the Legion for disabled or destitute ex-service men. A financial plan has now been worked out which will result in the necessary funds being available for future work and for the deficit which now faces the organization.

Local ex-service men are still interested in the project of securing a special Pullman for the national meeting at New Orleans. The indications are that the number necessary to secure a special car will be enrolled soon.

FIRE PREVENTION WEEK NEAR AT HAND

Period From Oct. 2 to 9 Designated For Laudable Campaign—Mayor Crabtree Issues Proclamation.

The week of October 2 to 9 has been set aside as fire prevention week in accordance with the proclamation issued by President Harding, by Governor Small of Illinois, and other governors throughout the U. S.

Mayors of the various cities have been asked to join in the movement and Mayor Crabtree has accordingly issued a proclamation calling upon the citizens of Jacksonville to join in the good work of seeking to prevent loss of life and property thru fire. The records have shown that nearly all fires are preventable which means that most of them are occasioned thru carelessness or neglect.

The purpose of fire prevention week is thru special programs to impress on the public the need of keeping heating apparatuses, flues and wiring in proper condition. Many a fire, too, is caused from the accumulation of rubbish.

Mayor Crabtree's proclamation follows:

To the People of Jacksonville: In compliance with the request of national and state authorities, I herewith call upon the people of Jacksonville to make due observance of fire prevention week from October 2 to 9. It is suggested that suitable exercises be held in the schools so that the boys and girls may be impressed with the need of care in order to prevent loss of life and property by fires.

Fire drills should be held in schools and factories, so that people may be trained in the ability to empty buildings quickly when fire menaces.

Business men and householders are especially urged to see that all rubbish is removed from cellars and basements and that premises are put into clean condition before the coming of winter. This should be done especially in buildings where there are assemblages of people.

All electric wiring should be given attention, and it is important that stoves, furnaces, flues and chimneys be put into the proper condition.

The fire losses of the U. S. run half a billion dollars a year and for Illinois last year the loss was \$20,000 in property, in addition to hundreds of lives. You are urged to co-operate in this good movement by doing your part to impress the need and also your part to bring about the desired clearly condition.

EDGAR E. CRABTREE, Mayor of Jacksonville.

MR. WEIR TO ATTEND CONVENTION IN N. Y.

Miller Weir of the Illinois state auditor's office, will leave this morning for Springfield and tomorrow will in company with other Illinois bankers, board the special train for New York City to attend the convention of the American Bankers' association. The train will leave over the Michigan Central and several hundred bankers will be members of the party.

The American Bankers' association will convene Monday, Oct. 2, and will be in session through the week. Matters of more than usual financial interest will be considered at this convention.

Mrs. G. E. Adams of Ada, Minn., was a guest yesterday at the home of Mr. and Mrs. C. H. Story on West State street.

Dr. G. O. Webster of Murrayville was listed among callers in the business district yesterday.

LARGE ENROLLMENT AT WINCHESTER SCHOOL

Community High Opens With Largest Enrollment in Its History—Other News Notes from Winchester and Vicinity.

WINCHESTER, Sept. 27.—The community high school opened with the largest enrollment in the history of the school. There were 195 pupils enrolled, and other pupils yet to enter will bring the number up to 200 or more. Eight years ago the high school opened in the north building with 85 pupils. Since that time there has been a steady increase from year to year, and if the number continues to grow in the same ratio the total will reach the 300 mark in the next few years.

The superintendent of schools has had a full share in bringing about this satisfactory condition, laboring constantly to bring the schools up to a high standard of efficiency. A complete description of the building will be given later.

Mrs. John Mason passed away at 4 o'clock Tuesday afternoon at Passavant hospital in Jacksonville. She had been ill for the past two years and death came after a long period of suffering. She was a Winchester resident for many years and her many friends here will regret to know of her death.

The funeral will be held at 2:30 o'clock Thursday afternoon from the Methodist church.

Mrs. C. Coultas and daughter, Miss Ferry, Mr. and Mrs. Bert Coultas, Miss Opal Welch, Charles Cooper and family, Mr. and Mrs. R. B. Ellis of Denver, Colo., enjoyed a splendid picnic supper at Nichols park Sunday.

John Coe and daughter, Lucy, left Wednesday for a short business trip in St. Louis.

FARMERS, NOTICE.

Bring us your clover seed. P. W. FOX.

WELL KNOWN SCOTT COUNTY MAN DIES

James M. Reynolds Passed Away Wednesday Evening at Home Near Merritt—Funeral to Be Held Friday Afternoon.

James M. Reynolds, a well known resident of Scott county, passed away at 6 o'clock Wednesday evening at his home one mile east of Merritt. Mr. Reynolds had been ill for the past ten months and his condition for some days past had been considered serious.

Surviving are the widow and two daughters, Mrs. A. T. Markillie of Winchester and Mrs. Rufus Moore of this county.

The deceased was sixty seven years of age at the time of his death, and had for many years been a resident of Scott county. He followed the occupation of farming until advancing years caused him to retire from active life. He was a member of the Riggston M. E. church and a man of excellent character.

The funeral services will be held at 2 o'clock Friday afternoon at the Riggston M. E. church, in charge of Rev. G. T. Wetzel of this city.

"THE CLIMAX" TO BE PRESENTED HERE

Will Be Given Under Auspices of Jacksonville Branch of A. A. U. W.—Mrs. Garm Norbury Chairman of Committee on Arrangements.

"The Climax," the well known stage success of Edward Lock will be presented in Jacksonville on November 10th under the auspices of the Jacksonville Branch of American Association of University Women. The A. A. U. W. of this city has closed a contract with Lawrence Clark of Chicago for the presentation of the drama and definite arrangements were made at a committee meeting held yesterday with Mrs. Garm Norbury, as chairman in charge. The tickets for the play will be put in the hands of the members of the local organization within the next few days and the work of bringing the plans for the play before the public will be commenced.

The presentation of "The Climax" is the first feature of the year's program which the American Association of University Women is planning to carry out. The company which will present the drama is one of the best dramatic organizations which will appear on American stages this season. Madame Englund and Miss Desmore will co-star in the production and the fact that "The Climax" is a recognized, modern stage success enhances its interest to local theatergoers.

The committee in charge of the play for the A. A. U. W. includes Mrs. Norbury as chairman, Miss Ruby Neville, Mrs. Frank Heintz, Mrs. W. A. Fay, Miss Florence Madden, Miss Isabel Woodman and Mrs. J. G. Groat of Winchester, president of the Jacksonville Branch. The American Association of University Women will hold the first meeting of the fall on Saturday, October 7. The meetings will be held on the first Saturday of every month during the winter.

EDUCATIONAL NOTES

Dr. Cloyd H. Marvin, Dean of the Southern Branch of the University of California, has been elected to the Presidency of the University of Arizona. Dr. Marvin worked his way thru college, has a Ph. D. from Harvard, and from newsboy to university president at the age of thirty-three is a unique record.

Dr. Thomas Stockham Baker has been elected acting president of Carnegie Institute of Technology to succeed Dr. Hammer-schlag, who recently resigned to accept a business position. Dr. Baker was from 1909 to 1913 director of the Jacob Tome Institute, resigning there to become secretary of the Carnegie Institute of Technology.

Dr. George A. Hubbell has resigned the presidency of Lincoln Memorial University, Cumberland Gap, Tenn., to accept the presidency of Asheville University, a new institution established for the promotion of education among the mountain folk of the Appalachian region. Dr. Hubbell, a Ph. D. of Columbia, has been president of Lincoln Memorial University since 1910.

Dr. Howard McDonald has been elected to the presidency of Parsons College, Fairfield, Iowa, to take the place of Dr. R. A. Montgomery, who resigned to accept the presidency of Centre College, Danville, Ky. Dr. McDonald has his Ph. D. degree from the University of Michigan, and has been Dean of Parsons College for the last four years.

Dr. E. G. Lancaster, who was for many years President of Olive College, Mich., has been elected to the Deanship of the Kentucky Military Institute, London, Ky. Dr. Lancaster is a graduate of Amherst, and has his doctor of philosophy degree from Clark University.

The Alaska Agricultural College and School of Mines, Fairbanks, Alaska, has opened with almost one hundred students. It starts as an accredited college, and Charles E. Bunnell, formerly presiding judge over the Fourth Judicial Division of the Territory, is its new and first president. Fairbanks is seventy miles from the Arctic circle.

PROF. ZELLER AT NINETY TWO LEADS BUSY LIFE

Former Jacksonville Resident Took Up New Work After He Was 70 Years of Age.

Many local people have pleasant recollections of Prof. J. A. Zeller, who was for a number of years principal of Whipple Academy. Sometime after leaving Jacksonville Prof. Zeller went to Citronelle, Ala., where, he lives today at the age of 92 years, in comparatively good health and strength.

The Citronelle Call accounts in an interesting way the fact that at the age of 71 years he took up an entirely new line of work and made a success of it. Here are the paragraphs:

Not many men make good pioneers at seventy-one years of age, take up an entirely different line of work, and be happy at it.

That however is just what Prof. Zeller did.

When he came to Citronelle, twenty-one years ago, he was the seventy-one years of age. He had been a teacher in Illinois College at Jacksonville, Ill., and about the last kind of work he would have thought of would be the taking of a hoe and grub and going out into the woods to build another home.

But sickness in his family caused him to look southward and he came to Citronelle.

Purchased Timber, Built Home
He purchased fifteen acres where he now lives of the late Mrs. Bradley and started to clear and grub. There was not a thing on the place but the scrub oak, pine and undergrowth. No house, no barn, no fence, no well, no clearing of any kind.

Tackled the Job at Seventy-One
This college man rolled up his sleeves, took up his axe and hoe and went to work. During the first year he got a good deal cleared, built a house, and, incidentally, spent all the money he had saved up. He struck out, taught some more school, got a bit more money, and went on clearing and growing crops.

He does not teach now, at almost ninety-two, but aside from this he has pretty well kept up the process begun twenty-one years ago. He can and does wield a hoe and axe and does much work around the house and premises.

One of the features of his little farm is the pecan orchard, now in its sixth year. He has ninety trees and he has not crowded them, they make quite a good sized orchard.

Still, at ninety-two Prof. Zeller says he has the appetite of a boy, he feels fine and enjoys life much better than many a person half as old.

ATTENTION, K. OF C.
Regular meeting tonight, 8 o'clock. Election of officers and other important business. All members urged to attend.

L. J. Flood, G. K. J. J. Ferry, F. S.

NOTICE TO CONTRACTORS.
Sealed bids will be received for the improvement of East Morton avenue by the board of local improvement at its office in the city council chamber in the city hall in Jacksonville, Ill., until six day of October at the hour of ten (10) o'clock a. m.

It is estimated there will be 2,000 square yards of concrete slab, seven inches in thickness, composed of one (1) part by volume of Portland cement, two (2) parts sand and 3 1/2 parts washed gravel, 484 cubic yards excavation.

5,200 pounds reinforcing steel inlets.

Said improvements shall be constructed and made in accordance with the ordinance providing for the same and the maps, plats, plans, profiles and specifications for the same on file in the office of the city engineer of said city.

Proposals must be made on blanks furnished by said board and in compliance with the instructions thereto attached, which can be had on application to the city engineer, and must be accompanied by cash or by a check payable to the order of the president of the board of local improvements in his official capacity, certified by a responsible bank for an amount not less than ten (10) per cent of the aggregate of the proposal.

The contractor shall be paid in cash and bonds, bonds to bear interest at the rate of six (6) per cent per annum.

No bids will be received unless the party offering it shall furnish evidence satisfactory to said board of local improvements that he has the necessary facilities, ability and pecuniary resources to fulfill the conditions of the contract and execute the work should the contract be awarded to him.

Bidders will examine the ordinance, maps, plats, plans, profiles and specifications, and also the locality in which said work is to be done and judge for themselves of all the circumstances affecting the cost and nature of the work.

The board of local improvements reserve the right to reject any and all bids, as authorized by law.

This work will not be awarded separate from 500 feet adjacent to city to be let by the department of the state highway at Springfield on the same date and hour as above mentioned.

F. E. CRABTREE,
P. J. WHITE,
E. M. HENDERSON,
Board of local improvements,

SEEK MEN OR AIR SERVICE OF ARMY

Recruiting Party Here From Chanute Field — Training Course Explained.

A recruiting party is now established here, seeking young men for the air service of the U. S. army. The party includes: First Lieut. Harold McGinnis, air service pilot; Staff Sergeant Roy Lovins, sergeant major; Sergt. Orval E. Scott, auto mechanic; Sergt. S. J. Gillis, parachute jumper; Private H. Worthington, airplane mechanic.

Men who enlist for the air service are sent to Chanute field at Rantoul for technical training. A certificate of graduation will be conferred upon any enlisted man who successfully completes any of the courses prescribed. A basic course covering practical mathematics and military training is given to each enlisted student preparatory to the taking of mechanical training. The special courses average from 5 to 6 months and classes prepare for special lines of work as follows:

Armors, blacksmiths, cabinet makers, carpenters, coppersmiths, clerks, general draftsmen, electricians (ignition, fabric, workers, instrument repairmen, mechanics, airplane, mechanics, auto; mechanics, carburetor; machinists, metal workers, propeller maker, rigger, airplane; rigger, parachute; vulcanizers, welders, gas; officers, aircraft armament; officers, engine and pliff maintenance; radio communications school, photography, balloons.

MORGAN COUNTY BABY SCORES HIGH

Echoes from the Better Babies Conference held in conjunction with the state fair brings still another Morgan county baby to the front with a higher score than has yet been recorded to any Morgan county child. Viola Morton, the four year old daughter of Mr. and Mrs. Charles E. Morton of 422 Mauvalsterre street, has been given a score of 97.7. This child was given a score last year of 98.

ARM BROKEN BY FALL

Robert Perrin, son of Supt. and Mrs. H. A. Perrin, recently fractured his arm in two places when he fell from a shed while at play. An X-ray taken at Passavant hospital revealed the injury and the necessary surgical attention has been given.

COLLEGE OF MUSIC NOTES

The general working plans of the orchestral training school of the College of Music, Illinois Woman's College, have been completed and only a few of the details are left to be worked out.

The instrumentation of a symphony orchestra varies within certain limits under different directors. The first object of the training school will be to secure a well balanced organization according to modern ideals as well as a waiting list of applicants, so that the balance can be maintained.

Some competition for places on the more popular instruments is of course, to be expected. But for those with ambitions, opportunity on a variety of instruments will be open. So far as training is concerned, the experience on one instrument is just as valuable as that on another.

More than that, a good orchestral performer is almost always capable of performing on various instruments. One is an aid to the other. And often enough too, it is not the child's or the parents' choice of instruments that is the correct one. Experience has proved that performers who fast on one instrument often make creditable progress upon another that did not at first appeal to them.

The new symphony orchestra will begin with the very lightest standard and classical music, and advance just as rapidly as the ability of the average performer will allow. If any prove dilatory or inexcusably slow they will be expected to give way to others more skilled. But no one will be dropped for good, if he shows industry and an ambition to succeed.

In the matter of assignment of parts, and promotion, the director will be guided by the needs of the organization as a whole, as much as by the needs of the individual performer. But no member of the orchestra will be neglected, or held back from accomplishing all he can and no favoritism will be tolerated.

The first free rehearsal has been set for Friday evening, Sept. 29, in Music Hall, at 7 o'clock, sharp.

FUNERALS

White.

Funeral services for James H. White were conducted at 10:30 o'clock Wednesday morning at the undertaking parlors of Arthur G. Cody, Rev. A. M. Todd officiated. Interment was in Jacksonville cemetery.

Marion Meadows, William Jackson, George C. Parks, James Mathews, J. R. Scott and C. Herman acted as bearers.

Jenkinson.

Funeral services for E. A. Jenkinson, veteran clothing salesman of this city, were conducted at the family residence on West College avenue Wednesday afternoon. Two ministers, Rev. G. E. Stickney of Congregational church and Rev. M. L. Pontius of Central Christian church were in charge.

Rev. Mr. Stickney in his address referred to the fact that Mr. Jenkinson was born in Yorkshire, England, Jan. 22, 1859, and came to the U. S. as a young man. His was a life of unusual faithfulness. He was of quiet spirit but of great geniality, a man who made friends and kept them. His home life was especially admirable and his devotion to wife and children was remarkable.

The minister said that Mr. Jenkinson in his three score years lived a well rounded life, and at the close of a busy day answered the summons almost without warning.

Some further obituary facts were given about Mr. Jenkinson, who is survived by his wife and two children, Jean and Thomas Jenkinson, and two brothers, W. A. Jenkinson of this city and Thomas Jenkinson, living at Douglas, Isle of Man.

The many flowers were in the care of Misses Maude and Annie Clayton, Jean Paterson, Esther Duncan and Marie Moss.

The pallbearers were William Danby, William Hainline, Max Gehring, J. W. Breckon, Harry Havenhill and Tom Duffner. Interment was in Diamond Grove cemetery.

Among the persons from out of the city here for the funeral were the son Thomas Jenkinson, and wife of McAllister, Okla; and Dr. J. H. Zercher of St. Louis.

CARD OF THANKS

We desire to thank our many friends and neighbors for their kindness and sympathy extended to us in our great sorrow in the loss of our dear husband, son and brother, and for the expressions of love conveyed in the beautiful flowers.

Mrs. Edmund Phillips
Mrs. Margaret E. Phillips and sons.

BIDS FOR SIDEWALKS

Sealed bids will be received at the office of the City Clerk in the city hall up to noon Monday, Oct. 2nd, 1922, for concrete sidewalks to be laid on the following streets: North East street, East street, East Michigan avenue, Franklin street, East Independence avenue, Center street, East Lafayette avenue, South Clay avenue and Hardin avenue. The location and description of sidewalks to be laid may be had by applying at office of E. H. Henderson, city engineer.

J. E. SCOTT,
City Clerk.

WORK ON BUILDING PROGRESSING STEADILY

Structure for Ex-Service Men Now Ready for Slaters—Steam Pipes Are Also Being Placed.

Progress is being made on the new State building being erected at the State hospital grounds for the accommodation of ex-service men. It is expected that the exterior work of the building will be complete before cold weather. In a few days the roof of the building will be ready for laying the slate and when the windows are inclosed the exterior work of the construction will near completion.

Laying the underground duct for the conveying of steam to the building from the central heating plant has been started and will be completed probably before the planning will all be set in the building. At any rate the contractors are planning to have the heat in the building and the outside work completed by the time cold weather comes, so that work can go at as rapid rate as possible.

The building will be modernly equipped in every way and the interior of it will make it one of the handsomest structures recently built by the state.

HIGH SCHOOL NOTES

The members of the Student Council have all been elected and the organization will probably meet within the next few days to begin its work for the year. The council includes two students from each class in the high school and exercises supervisory control over all the student organizations and activities. It is the medium through which the different classes, clubs and organizations may make requests and suggestions concerning school affairs. The personnel of the student council for this year include Miss Lois Harney and George Wetzel of the senior class, Miss Margaret Curtis and Floyd Sanders of the junior class, Miss Fay Carroll and Farrell Crabtree of sophomore class and Miss Elizabeth Wainwright and Clyde Fitch of the freshman class.

The senior class members held a meeting following recitation hours and elected Miss Lavinia Scott as the editor-in-chief of the Crimson J. Harold Hunter was named as the business manager for the annual school publication.

The Athletic Association membership tickets for the football and basketball season will be put on sale today and will be sold to the members of the association today and Friday. These tickets entitle members of the Athletic Association to admission to all the football and basketball games for the nominal fee of fifteen cents.

A great deal of interest is being shown in the organization of the high school band. Forty-nine students have already signed up for band work and there will be a meeting this week to plan for the ordering of music so that work may begin at once. Instrument that have already been signed up for by the students are: 9 cornets, 10 clarinets, 3 drums, 4 altos, 2 basses, 3 alto saxophones and 2 C melody saxophones.

Members of the girls' club held a meeting at the high school Wednesday afternoon with Miss Ruth Staff presiding as president. Two solos were sung by Miss Ruth Armstrong of the conservatory and very greatly appreciated by the large company present. Principal Shafer gave an interesting explanation of the purpose of the Girls' club and the line of work which is to be followed through the year.

A vote was taken for the selection of a faculty advisor and the result will be made known today.

NOTICE

To the person or persons who have said aught against my character, I desire to say that such statements are absolute lies. I cannot make the statement stronger than that. If someone will tell me the name of the miscreant I will inform them the name of a man whom I snubbed "good and plenty" in my youthful days.

Mr. and Mrs. C. M. Fanning of Baylis were guests Sunday of the former's sister, Mrs. Ernest Henry and family.

CONGRESSMAN SHAW AND RIVER AND HARBOR BILL

Washington, Sept. 27.—Congressman Shaw did not mince matters when he appeared before the Rivers and Harbors Committee in support of his bill to improve the Illinois River and to provide against the floods which have wrought havoc in the Illinois River Valley. He told the members just what was wanted by the people of the District, and just what they expected Congress to do in giving them needed relief. The sanitary district he handled without gloves.

"The Sanitary District talks much about the necessity of diluting his sewage which is but a cloak used to cover the commercial motive prompting them," said Congressman Shaw. "One of the principal reasons why the Sanitary district desires to divert this large amount of water is that it is now furnishing power, generated by means of the flow of the water thru the dam at Lockport. I am informed that it has seven turbines at Lockport and it requires approximately a flow of 100,000 cubic feet per minute. This means that if they are all used at once, it would require the diversion thru the dam of 700,000 cubic feet per minute."

"The strong plea that is being made by the Sanitary District is that it is absolutely necessary to properly dilute the sewage now going into the channels to be able to use 10,000 cubic feet of water per second from Lake Michigan, that if they are not permitted to do this, then the responsibility for the health of the great population of Chicago will be upon someone else."

"Now, of the Illinois Valley district do not want any more sewage sent down the river no matter how much it is diluted. We have lost our fishing industry as a consequence of the pollution of the stream. The fauna of the river has changed under the effect of the pollution so that there is not sufficient food for fish, even if they could otherwise live in the foul waters."

"Thousands of acres of tillable land was absolutely ruined on account of the high water after the flow from Lake Michigan was turned in, stretch after stretch of timber has been destroyed by the wave-wash—or have had to be strengthened at great cost; pasture lands where thousands of head of cattle had been pastured cannot pasture 20 now; the pollution with its foul presence and odors have made boating and bathing impossible."

"The pollution of the Illinois River by the Sanitary District of Chicago has killed all plant and animal life in the river. Before the second only to the Columbia River in the production of fish. In 1908, the commercial catch alone had grown to 23,896,000 pounds."

ZEPHYR FLOUR
Local Dealers

You can taste the difference in ZEPHYR bakings

SOMEHOW the snowy white cake seems sweeter and richer the very first time you bake with Zephyr flour. Rolls, too, have a new fluffy lightness and pie crusts are tender and wholesome. The secret's in the milling of the choice Kansas wheat, so full of healthful nourishment. Zephyr is always uniform in quality, each sack just like the last. That's worth remembering when you compare ordinary flour with Zephyr.

It's worth the difference

NEWS OF THE SPORT WORLD

RECRUIT PITCHER WON FOR CHICAGO

Cubs Defeated Pirates 4 to 1—Fussell Had a Curve Ball that Stopped Pittsburgh With Men on Bases.

PITTSBURGH, Sept. 27.—Fred Fussell made his local debut by striking out four times today, but he pitched Chicago to a 4 to 1 victory over the Pirates. The recruit southpaw was wild but he showed a curve ball that stopped the Pirates with men on bases. The Cubs bunched their hits and fielded well. This game transferred from Chicago closed the home season.

NEW YORK GOLFER HAS LOW SCORE

Nashville, Tenn., Sept. 27.—A score of 66 turned in by George Thompson of Mount Vernon, N. Y., paired with Horace Horner of Nashville, carried off the honors in the amateur-professional event over the Belle Meade course today. The best ball card of the winners included five birdies the rest of the holes being made in par figures.

Coming close after the winners were Joe Kirkwood of Australia, who had as his partner, Polak Boyd, a crack amateur of Chattanooga, the pair having a best ball of 67. They were tied for second place with Leo Diegel of New Orleans and Norman Craig of Nashville.

George Duncan, of England, negotiated the course in 69, by adding his best ball with that of Grantland Rice of New York.

PUBLIC SALE

Saturday, Oct. 7, 1922, at 2 o'clock, household furniture, Mrs. J. W. Fanning, Murrayville, Ill.

JUDGES REVERSE RACE DECISION

Find They Exceeded Their Authority in 2:08 Trot and Columbus Geers Win with Milady Guy.

COLUMBUS, O., Sept. 27.—After declaring the fourth heat of the 2:08 trot no-heat because they ruled that the drivers were not trying, judges at the grand circuit meeting today discovered they had exceeded their authority and ruled that the heat would stand as the horses finished, but all bets on the heat were declared off.

The heat was won by Escotillo, trotting the mile in 2:20. Escotillo, McGregor the Great and Mainlick turned the first quarter on a jog in 40 seconds and to the half in 1:18, but they raced home in the last half.

The 2:08 pace also went four heats before it was won by Miss Marie. The Browns took the third and fourth heats and won. D. W. Maloney won the first heat and was leading in the fourth when he broke. Wrack won the second heat.

"Pop" Geers drove Milady Guy to a straight heat victory in the 2:12 trot, limited to three year old trotters. Chop Suey, the favorite, finished second, losing the first heat by a nose.

Abbedale, favorite in the Arch City \$3,000 stake for 2:10 pacers, broke in the first heat and finished eighth. Robert Direct in winning the heat in 2:02 1-4 lowered his record and equaled the mark for the event. The event record was broken in the second mile when Abbedale won in 2:01 1-4 and in taking the third mile and race he equaled this time.

Nedda, driven by Harry Fleming, failed in the attempt to lower the track trotting record of 1:59 1-4 and her own record of that mark but she did succeed in equaling it. Peter Manning tomorrow will attempt to break the track record.

LOMBARD HAS ELEVEN VETERANS

Galesburg, Ill.—Eleven experienced athletes are returning to Lombard college this year. They are C. W. King, H. Turner, G. Munson, F. Rainey, D. Faulkner, E. Swanson, R. Lamb, E. Murphy, A. Thompson, R. Yard and D. Stabler. A good outlook for this year is seen in Lombard athletic circles.

New athletic material has been recruited as follows: Yates, Idaho Falls, Idaho; R. Jones, Clay Center, Neb.; F. Minnick, Campbell, Neb.; L. Stiner, Hastings, Neb.; and C. Stetson of Danversport, Iowa.

GOOD GOLF PLAYED ON GREEN Brier COURSE

WHITE SULPHUR SPRINGS, W. Va., Sept. 27.—Golf, interesting throughout and at times sensational, was played on the Green Brier course today as aspirants for national golfing honors among the women battled to retain places in the narrowing field of contestants in the women's national team. Close scores marked the contests, the second round of match play in nearly all instances. There were few surprises in the day's results. No dark horses are left in the running to compete for entrance into the semi-finals. The eight players make up the four pairs for tomorrow are well known present day stars, many of them holders of golfing titles, home and foreign.

THE NUT BROTHERS (CHES & WAL)

HOW DID YOU LIKE THAT MAN FROM THE DESERT?

OH HE WAS JUST A PLAIN RANCHER

MISS PASCHALL IS TEACHING IN KENTUCKY

Miss Helen Paschall, daughter of Mr. and Mrs. J. A. Paschall of West College avenue, is teaching this winter in the community high school at Wootton, Kentucky. Miss Paschall graduated at Illinois Woman's college with the class of '22. Miss King's poem, "The Moon Thru a Mist," also received honorable mention in a contest recently held in Texas. Miss Clotfelter's poem, "The Road that Leads Over the Hill," was published during the past year in the columns of the Journal.

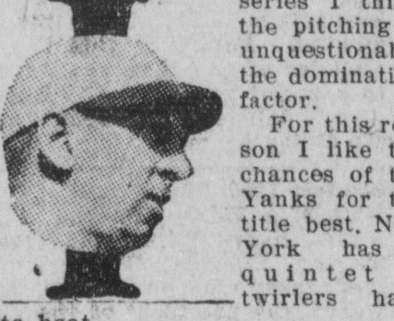

W. R. C. RUMMAGE SALE

The Woman's Relief Corps will hold a rummage sale Friday afternoon and all day Saturday, 210 North Main-auxterre Street, Opera House Building.

Collins Predicts American League Will Win

This is the last of seven articles written for the Journal by Eddie Collins of the Chicago White Sox. Collins has played in more world series games than any other major league player.

By EDDIE COLLINS
World's Greatest Second Baseman

N a world series I think the pitching is unquestionably the dominating factor.

For this reason I like the chances of the Yanks for the title best. New York has a quintet of twirlers hard to beat.

So good that, in my opinion, if I had my choice of the entire American League to face the Giants, I would still select three of the Yanks.

Right handers, I believe, are most effective against the Giants, and that's all the Yanks have. Nine years ago this fall, Joe

Bush first met and beat the Giants. True, none of those same players now remain and the Giants of today are a far better club than that of 1913.

But remember one thing, Bush of today is at least a 25 per cent better pitcher than he was then. His experience, confidence, and mastery of a slow ball for the first time, together with as much speed as he ever had, has established him as the best pitcher in the American League this year. It takes a smart pitcher to tame the Giants, but I firmly believe Joe Bush will accomplish it as many times as he is given the opportunity to work.

About Pitchers
Sam Jones is another pitcher who I figure would give the Giants lots of trouble. To me he always appears to be this kind of a twirler: Every ball he throws is with a purpose—not one of those fellows who tries to throw it by a batter, or with a prayer of "I hope it don't go safe," but one who studies every opponent closely, more closely, I believe, than any other pitcher in the American League. He will be handicapped to a certain extent the first time each Giant faces him, but the farther he goes the better he will be.

Hoyle and Mays have only to repeat the quality of ball they showed against the Giants last fall to win for them this year, hands down.

The Giants, to me, this year as world series contestants, resemble a sturdy ship without a rudder—a corking ball club, offensively speaking, that good, smart pitching alone can stop. Defensively, I can't help but feel, the Giants will fall before the attack of either the Yanks or Browns.

In neither alone can I see any chance for the Giants to hold the American League at bay.

As I have said previously, I believe a Browns-Giants series would prove a more interesting more productive of a greater variety of baseball, and a more closely contested series than a Yankee-Giant affair.

But in either instance, I firmly believe the American League offensive will overcome anything the Giants can present.

GIANTS DIVIDE DOUBLE HEADER

NEW YORK, Sept. 27.—The champion Giants divided a double header this afternoon with the Phillies losing the first 5 to 3, in three innings, and winning the second 3 to 2. Philadelphia won the first game thru home run hit by Henline and Wrightstone off Johnson, a young right hander from San Antonio.

McGraw sent a team of recruits into the second game. After Ring baffled them for seven innings the youngsters batted out three runs in the eighth.

Scores:
First game.
Philadelphia—000 002 001—5 10 3
New York—000 010 101—3 8 0
Batteries—Welnert and Halpine; Johnson and Snyder.
Second game.
Philadelphia—00 000 100—2 1 7
New York—000 000 03x—3 7 1
Batteries—Ring and Withrow; Scott, Hill, V. Barnes and Gaston, Smith.

HOG SALE

J. L. Henry will hold his annual pure bred Big Type Poland China hog sale on Friday, October 6, at Woodson. 52 head will be sold—30 head of yearling gilts, balance spring gilts and boars. This is an unusual offering of yearling gilts for a fall sale and should attract the breeder's attention. Lunch will be served at noon.

MISS FOWLER WINS SPECIAL HONOR

Miss Margaret Fowler of the class of '23 of Illinois Woman's college has been accorded an especial honor in the academic world. "From a College Window," written by Miss Fowler has been selected to appear in the "College Anthology of Verse," a book published every year. The publication contains the best poetry selected from the writing of the students of the different colleges and universities in the United States. The staff of the book also made honorable mention of Miss Audrey King of the class of '24, and of the work of Miss Ada Clotfelter of the class of '22. Miss King's poem, "The Moon Thru a Mist," also received honorable mention in a contest recently held in Texas. Miss Clotfelter's poem, "The Road that Leads Over the Hill," was published during the past year in the columns of the Journal.

W. R. C. RUMMAGE SALE

The Woman's Relief Corps will hold a rummage sale Friday afternoon and all day Saturday, 210 North Main-auxterre Street, Opera House Building.

BROOKLYN TO SEND ARMY TO MINORS

NEW YORK, Sept. 27.—Officials of the Brooklyn National League Base Ball club today confirmed reports that waivers had been asked on seventeen players of the team. President Ebbets refused to make public the names of the players.

While it is generally accepted that the request for waivers marks the passing of several of the older players in an effort to reconstruct the club, President Ebbets refused to comment upon that angle. He said the club had its maximum number of players at the present time and room had to be made for new players to be secured by draft and purchase.

He cited the case of another club which had asked waivers on ten players. He declined to state the name of the club.

The Brooklyn Eagle listed the following as those upon whom waivers had been asked:

Charles "Chuck" Dard, Harold Janvryn, Ivan Olson, Ray Schmandt, Sam Post, Lew Mauer and Mill McCarran, infielders; Leon Cadore, Al Marnaux, Paul Scheiber, John Miljus, Clarence Brown and Clarence Mitchell, pitchers; Barnard Hurling and Otto Miller, catchers, and Bernie Nels and John Roseberry, outfielders.

Three players—Burlough, Grimes, Hi Myers and Zaek Wheat—have been placed on the block for sale or better the newspaper added, asserting that the trio were regarded by the management as "trouble makers."

ANOTHER SHIPMENT OF DRESSY LACE OVER BLOUSES JUST RECEIVED AT HERMAN'S.

GETTING TOO FAT? TRY THIS—REDUCE
People who don't grow too fat are the fortunate exceptions. But if you find the fat accumulating or already cumbersome, you will be wise to follow this suggestion, which is endorsed by thousands of people who know. Ask your druggist for Marmola Prescription tablets and follow directions. One dollar is the price the world over. Get them from your own druggist or send price direct to Marmola Co., 4612 Woodward Ave., Detroit, Mich. By doing this you will be safe from harmful drugs and be able to reduce steadily and easily, without starvation diet or tiresome exercise.

FARMERS, NOTICE.

Bring us your clover seed. P. W. FOX.

WILL MEET FRIDAY

The South Side circle will meet with Mrs. W. L. Robertson at 1521 Mound avenue Friday afternoon.

SIKI IS MODEST IN HIS DEMANDS

Only Wants 1,600,000 Francs Not to Fight Dempsey in U. S.—Is More Anxious to Meet Dempsey Than Wins.

Paris, Sept. 27.—American prize fight promoters are still endeavoring to get Battling Siki, the victor over Georges Carpentier, in the American ring. The manager of the Senegalese fighter has been the recipient during the past 24 hours of cable offers from Tex Rickard and Tom O'Rourke, and another American promoter now in Europe also is bidding for the battler's services. Siki has received an offer from Jaor Wilson of England to meet the winner of the coming fight between Joe Beckett and Frank Moran, which is to be held in London.

Manager Helliers, for Siki, said this evening to The Associated Press that his last and final conditions were 1,600,000 francs net, exclusive of income tax, to meet either Harry Wills or Harry Greb of the United States. 1,600,000 francs for a fight with Jack Dempsey October 26, or any date thereafter. Helliers added that if he could not obtain his demands he would not go to the United States this winter.

Siki hereafter will be unable to make the light-heavy weight limit. Helliers says he expects to place his man in the ring for his next battle weighing 184 pounds, as against 174, the poundage at which he fought Carpentier last Sunday.

According to Helliers the battler had to remain for two nights in Turkish baths prior to his fight with Carpentier Sunday, just prior to weighing in for the bout with the Frenchman, he was sixty grams below the light-heavy weight limit. Siki ate seventy grams of apple jelly just before he entered the ring with Carpentier. His manager describes him as having been in a weakened condition in consequence of his effort to come within the light-heavy weight limit.

Siki is more anxious to meet Jack Dempsey than Harry Wills. He has a big opinion of himself as a fighter.

FAST HORSES AT LEXINGTON, KY.

Lexington, Ky.—Three harness horses having records of better than 2:00 will battle for honors in the free for all pace, the feature event on the card for the fifth day—Friday, October 6—of the Golden Jubilee meeting of the Kentucky Trotting Horse Breeders' association, which opens here October 2.

This trio and other entries announced for the pacing features are: Margaret Dillon, 1:59 1/4; Sir Roche, 1:59 3/4; Sanardo, 1:59 3/4; Hal Mahone, 2:01; John Henry, 2:01 1/4; Johnny Quirk, 2:01 1/4; and Jimmy McKerron, 2:01 1/4.

BOSTON SHUT OUT

BROOKLYN 7 TO 0
Boston, Sept. 27.—The Boston Braves closed their home season today by defeating Brooklyn 7 to 0. McNamara pitched well with men on bases.

Score:

pot. Finder call 1732X. 9-27-2t

PRICE OF WHEAT

CLO SED UNSETTLED

By Associated Press.
CHICAGO, Sept. 27.—Disturbed
conditions in the Near East had a
bullish effect on the wheat market
today, and so did orders for all
rail shipments of grain from Chi-
cago to the seaboard. Wheat
prices closed unsettled, varying
from 1c net decline to 3/8c ad-
vance, with December \$1.05 to
\$1.05 1/2 and May \$1.08 1/2 to \$1.08 3/4.
Corn finished 1/2 to 1 1/4 up and
oats up 1/4 to 1/2. In provisions
the outcome ranged from five
cents decline to a rise of 40c.

Except for a brief dip in prices
at the start wheat showed an up-
ward tendency throughout almost
the entire day. The initial weakness
appeared to be due to the fact
that Liverpool quotations failed
to reflect any uneasiness over
developments at the Dardanelles
and in Greece. Persistent buying
set in on the part of some larger
commission houses here and
much notice was taken of
strength of prices at Winnipeg in
the face of large receipts there.

Broadening Europe demand for
wheat from the United States, so
some traders said could be seen
in the purchase here today of
some hard winter wheat for ship-
ment from the Gulf of Mexico.
Besides about 500,000 bushels
were bought here for all rail dis-
patch to Atlantic ports. It was
urged also that congestion at
lake ports would make Canadian
wheat more and more difficult
to obtain in the near future. Profit-
taking sales forced a late setback
in the price of December and May
deliveries, but shorts continued to
bid on September.

The corn market plainly showed
the bullish effect of orders for
extensive all-rail shipments of
corn to the seaboard. Oats sym-
pathized with corn.

Packers buying of October hard
made the provision market aver-
age higher.

Kansas City Livestock

NAMES OF INSTITUTE
SPEAKERS ANNOUNCED

County Adviser Kendall Makes
Names Known Wednesday—
Special Water Containers Re-
ceived at Bureau.

County Adviser George B. Ken-
dall yesterday announced the
names of the speakers who will
address the Morgan County Farm-
ers' Institute when it convenes
in the county on October 17, 18
and 19. The meetings will be
held at Meredosia, Ashbury church
and Waverly. The speakers will
make addresses at each of the
meetings and a very successful
gathering is anticipated.

L. W. Hacker, a community
worker of Sheffield, Ill., will be
one of the speakers. Mr. Hacker
is a speaker of ability and is well
prepared to speak with authority
on matters of interest to farming
communities. W. H. Borgelt of
Havana is to be one of the special
speakers for the Meredosia meet-
ings and will no doubt be heard
with much interest as he is a man
of prominence in the Havana
Mann of Gillman, Ill., has been
chosen to be the speaker on
woman's work. Mrs. Mann is a
prominent worker along the lines
of woman's work in the agricul-
tural world and her message to
the women of Morgan county will
be well worth hearing.

A number of special water con-
tainers have been received at the
farm bureau office and will be
used to send samples of water to
the University of Illinois for anal-
ysis. One of the containers is
made so that the specimen may
be packed in ice in order to pre-
serve the bacteria for analysis in
the university laboratories. A
number of Morgan county far-

mers are planning to send water
away in order to test the purity
of the wells where their drinking
water is obtained.

ATTENTION, K. OF C.
Regular meeting tonight,
8 o'clock. Election of offi-
cers and other important
business. All members urged
to attend.
**L. J. Flood, G. K.
J. J. Ferry, F. S.**

**CANDIDATE FOR U. OF
I. FOOTBALL TEAM**
Frank S. Bonansinga, son of
Mr. and Mrs. Bonansinga, of this
city, is one of the practicing
candidates for the Illinois University
football team. There are 115
candidates practicing at the uni-
versity. Mr. Bonansinga was a
member of the Jacksonville high
school team when he was a stu-
dent here. His friends here at
home will be pleased to learn of
his winning a place on the "var-
sity eleven."

**DR. ZERCHER HERE FOR
JENKINSON FUNERAL**
Dr. J. H. Bercher of St. Louis
came to Jacksonville to attend
the funeral of E. A. Jenkinson.
Dr. Bercher was a student at Illi-
nois college some time ago and
while here made his home with
the Jenkinson family. The friend-
ship made in his school days was
of the kind that lasts and the
doctor felt his duty was to come
and pay respects to his friend.
Dr. Zercher, after leaving Illi-
nois college took up the study of
dentistry and is a prominent
practitioner of his profession.

**SWELL TAILORED
WAISTS ONLY \$1.95 AT
HERMAN'S**

FORMER JACKSONVILLE
YOUNG LADY WEDS

Miss Mary Billings Taylor is
wife of Frank A. Johnson of
Paoli, Colorado.

On Wednesday afternoon, Sep-
tember 20, Miss Mary Billings
Taylor, better known among her
many friends as "Mary Bee," was
married to Frank Arthur John-
son of Paoli, Colo. The wedding
was solemnized at the residence
of the bride's aunt, Mrs. J. C.
Nolan, and Mr. and Mrs. W. E.
McKinney, 1712 South
Bronson avenue, Los Angeles,
Cal., in the presence of a num-
ber of relatives and friends, the
Rev. Dr. Arthur W. Rider, form-
erly of Jacksonville, officiating.

The mantel at the south end of
the parlor, was banked with pink
and white carnations, roses,
sweet peas and ferns, making a
charming background for the
bridal party, which entered in the
following order: Little Lucille
Dunn, a dainty maid of five, bear-
ing the ring in the heart of a
rose, Dr. A. W. Rider with Mr.
and Mrs. W. E. McKinney, who
gave the bride away; Mr. John-
son and his best man, William W.
Widenham from the north door;
and Miss Taylor with her brides-
maid, Miss Ruth Widenham en-
tering the east door. The cere-
mony was beautiful and impres-
sive and received with many ex-
pressions of approval from those
present.

Preceding and during the en-
trance of the bridal party some
beautiful piano selections were
played by Mrs. Dr. McCoy of
Hollywood, and at the close of
the ceremony the newly married
couple received the congratula-
tions of their friends. The punch
bowl in the dining room was pre-
sented over by Mrs. Edward Stelle,
and Miss Mildred Sexsmith. The
wedding gown was a model of
simplicity and grace fashioned of
white georgette crepe with insets
of silk elan lace, and cut with
rounded neck and elbow sleeves.
A tiara of orange blossoms made
from a wreath worn by the mot-
ter of the bride at her own wed-
ding, was a pretty and becoming
addition to Miss Taylor's cos-
tume.

Miss Ruth Widenham, brides-
maid and girlhood friend of the
bride, was attractively attired in
pink georgette crepe, and the
groom and his best man wore the
conventional black. The affair
was altogether informal, and in
keeping with the wishes of the
family to make it truly a simple,
home wedding.

Miss Taylor was born in Jack-
sonville, and is the daughter of
Frank C. and Mary Billings Tay-
lor. She was a student of the J.
H. S. until her senior year, but
illness prevented her graduation.
She attended college at Mt. Ver-
non, Iowa, for two years, and for
the following two years studied
voice culture at Northwestern
university, Evanston, Ill., after-
wards teaching vocal music in
Sterling, Colo., where she met
Mr. Johnson, with whom she has
been acquainted since her college
days. She is a sweet and winning
personality, she has made a host
of friends to whom she has en-
deared herself thru passing years.

Miss Taylor has been employed
as a stenographer in several
banks in Iowa and Colorado, re-
signing from the Security and
Trust in Los Angeles, to accept a
position in the business office of
the county hospital, which posi-
tion she has held for three years,
and where she is held in high es-
teem. Her consideration and
kindness for others have made
her a general favorite, and she
will be greatly missed among a
large circle of friends and ac-
quaintances.

Mr. Johnson is a young man of
sterling worth, exemplary and
trustworthy and has many
friends in the business and social
world. He is a Mason in good
standing, and he and his wife are
both members of the Presby-
terian church. For some years he
was in the U. S. forestry service
in Alaska, Washington and Ore-
gon, and then turned his atten-
tion to banking in which he is at
present engaged, as cashier of a
state bank in a small, growing
town in Colorado. After a short
trip to California, Mr. and Mrs.
Johnson will return to Los An-
geles for a few days, taking the
Feather river route to their new
home, attended by the good
wishes of their many friends.

Among the guests at the wed-
ding, were the following one time
residents of Jacksonville: Mr.
and Mrs. John E. Reid, Bloom-
ington, Cal., Mr. and Mrs. A. A.
Dod and daughter, Long Beach,
Mrs. J. C. Widenham, son and
daughter, and sister, Miss Elea-
nor R. Allen.

**MR. J. HERMAN LEFT
THIS MORNING FOR ST.
LOUIS TO MEET NEW
YORK REPRESENTA-
TIVES OF LARGE COAT,

ERY AT THE RIGHT
PRICES.**

**FORM PARTNERSHIP
IN THE BUSINESS**
W. S. Dews and G. A. Leach of
this city have purchased the tire
store at 218 South Main street
and will conduct same under the
firm name of Dews-Leach Tire &
Tube Co., carrying in addition to
tires a full line of auto acces-
ories.

This store was opened about a
year ago by Mr. Dews who later
sold to Fred Ranson who has op-
erated it until the transfer made
yesterday.

INTERESTING FACTS
ABOUT MADEIRA

A. F. Sardinah Made Addresses to
Large Audience at Northmin-
ster Church.

Wednesday evening the congre-
gation and friends of Northmin-
ster church met in the basement
of the church to hear A. F. Sar-
dinah tell about his recent visit
to Madeira. Mr. Sardinah was
born in Madeira, but has lived
in this country for thirty-two
years, and last July returned to
Madeira to visit his mother.

Mr. Sardinah gave a very vivid
picture of the city and country life
of the Maderian Island. He de-
scribed the island as having a
mild climate, never freezing and
very little rain. Because it is so
dry it is necessary to irrigate for
agricultural purposes.

The people as a whole are more
or less poverty stricken, use the
more primitive methods for culti-
vation. The wooden plow with the
iron tip is still used by the
farmers. Wheat and corn are the
principal grains grown, and prac-
tically the same fruits are grown
there as here.

Mr. Sardinah touched upon the
labor and liquor situation by re-
quest, stating that an average la-
borer received about \$5 a day in
their money, but in our currency
it would equal about thirty cents.
Prices are very high because of
the exchange system used there.
As to the liquor question he said
that the post office was a combi-
nation store and rum house, there
fore the bootleg industry does not
thrive. Liquor may be sold
everywhere.

When asked about the social
standing of the people, he briefly
told how the women and girls
were used as beasts of burden, by
carrying heavy loads on their
heads. Very few children get to
go above the sixth grade in school.
As to religion, the country is
mostly Catholic, but there are
three Protestant churches in Ma-
deria. He stated that Mr. Bap-
tist, a brother to Sanders Baptist
of this city was in charge of one
of these churches.

There are various modern im-
provements on the island, such as
the electric light and a few large
autos in the larger cities. There
are a few creameries on the is-
land and some fish canneries.
Most of the clothing is imported,
except for some that is made in
the home.

The country is very mountain-
ous, making it necessary to build
the towns on the hillside and the
farmers find it necessary to ter-
race the land for cultivation. The
streets are paved with stones
from the seashore and at times
present a very pretty picture.

Despite the good climate and
beautiful country the people are
oppressed to a certain extent and
after they once enjoy the freedom
of America they would not return
to Madeira. Mr. Sardinah had a
large audience of interested lis-
teners that were eager to learn
more of the country from which
their fathers came years ago.

ORGANIZING OIL
COMPANY HERE

Business Men Propose Organiza-
tion for Deep Well Test in
Field East of City.

For the purpose of sinking a
deep test well on land in the
Rhode-Moorehead field northeast
of the city, a company of local
citizens is being organized. It is
proposed to organize a company
with a capital of \$10,000 and to
sink a well to the depth of 1,800
feet.

The plan to be followed will be
very similar to that in Decatur,
where business men have formed
an organization and have run
down several wells. The proposal
here is to allot to the company
160 acres of leases in the locality
which seems the most favorable
for a test. A number of business
men have indicated their willing-
ness to take stock because they
believe that unless a deep well
test is made at this time that it
will no be done for many years to
come.

CHURCH
ORGANIZATIONS

**Ebenezer Society
To Meet Today.**

The Missionary Society of
Ebenezer church will meet this
afternoon at the home of Mrs.
Ed Patterson, northwest of the
city. The meeting will be held at
two o'clock and a large attend-
ance is expected. Mrs. Patterson
will be assisted in entertaining
by Mrs. Walter Patterson and
Mrs. E. G. Dewese and two
daughters.

The general topic of the after-
noon's program will be "Educa-
tional Work," touching on the
through the church. Several
members will have papers and a
general discussion will probably
follow. Mrs. Emily Cully is the
president of the society and will
preside over the business meet-
ing which will follow the pro-
gram. The annual election of of-
ficers will be held at this time.

FRANKLIN YOUNG PEOPLE
WED IN SPRINGFIELD

The marriage of Harold Wells
and Miss Dix Miller, both of the
Franklin community, took place
in Springfield Saturday after-
noon, according to announcement
just made by the young people.
The bride formerly made her
home with her aunt, Mrs. Albert
Burnett of the Franklin neigh-
borhood and Mr. Wells is a son of
Mr. and Mrs. William Wells, also
of Franklin.

Mr. and Mrs. Wells are to
make their home on a farm a few
miles west of Franklin and begin
their wedded life with the best
wishes of their friends.

PASTEURIZATION PLANT
FOR APPLEBEE DAIRY

Will Be Put Into Immediate Op-
eration—Milk To Be Furnished
At Cost to School Children.

The complete pasteurization
plant in the building at West
Morgan street has been purchas-
ed by Dr. A. B. Applebee and the
plant is to be opened October 1
under the management of E. S.
Spaulding, an experienced dairy-
man. The pasteurization of milk
has long been recognized as of
distinct advantage in promoting
the health of a community and so
the operation of the plant is very
much desired by the health de-
partment of Jacksonville and Mor-
gan county.

In accordance with the plan Dr.
Applebee has adopted, pasteuriz-
ed milk will be furnished as need-
ed for the public schools at cost.
For some time the policy has been
followed of furnishing under-nour-
ished children with milk daily and
results have been excellent in
showing improvement on the part
of the children.

Dr. Applebee will not only pas-
teurize all the milk from the Ap-
plebee dairy but will also pasteur-
ize milk from other dairies as de-
sired. While the pasteurized
milk will be available to the pub-
lic, it is the plan of the Applebee
dairy to also offer Grade A filter-
ed milk, so that customers may
have their choice. A very early
morning delivery will be made.

The equipment here is the best
obtainable. The raw milk after
being placed in a vat with revol-
ving steam coils will be heated
to a temperature of 140 degrees
and held at that heat for thirty
minutes. None of the health giv-
ing properties in the milk are
damaged by this heating process,
but bacteria and germs are killed.
As already stated, pasteuriz-
ed milk has a direct relationship
to public health and the plans of
the Applebee dairy are therefore
of special interest to the commu-
nity.

TWO IN ACCIDENT AT
ALEXANDER YESTERDAY

Men on Motorcycle Strike Sand
Pile and Sustain Painful In-
juries—Benefit Tea a Success
—Other Alexander News

Alexander, Sept. 27.—Charles
Neuberger and Harry Earl were
painfully injured Wednesday af-
ternoon in the east part of town,
when the motorcycle on which
they were riding struck a sand
pile and overturned. Neuberger is
a government inspector and has
been stationed at Alexander for
some months during the building
of the hard road. Earl is a finish-
er and is employed by the Loner-
gan Construction Co.

The injured men were taken to
the office of Dr. Wade H. Schott,
where it was found that both had
sustained injuries. Earl has a
bad scalp wound and it has not
yet been determined whether or
not there is a fracture of the
skull. Neuberger also has a head
injury and a number of bad
bruises.

Tea at Strawn Home.

The tea given by the Woman's
club at the home of Mrs. C. M.
Strawn Wednesday afternoon was
a very successful event, resulting
in the raising of more than \$20
toward the club's pledge of \$25
for the isolation ward at Passa-
vant hospital.

Practically all of the club
members were in attendance and
there were also a great many
others who came during the after-
noon, including a number from
Jacksonville and Franklin. Among
the Jacksonville women present
were Mrs. E. W. Brown, Miss
Ida B. Verner, Mrs. C. M. Hop-
per, Mrs. Charles Cully, Mrs.
Homer Cully, Mrs. Homer Ran-
son, Mrs. Shepard, Mrs. G. U.
Mason, Mrs. Martha Hoover, Mrs.
James Strawn, William L.
Fay, Mrs. Frank Pleuer, Mrs. Ed-
ward Findall, Mrs. Lucy Mason.

The regular birthday social of
the ladies of the M. E. church
will be held Thursday afternoon
at the church. The hostesses of
the afternoon will be Mrs. W. E.
Morrow, Mrs. A. G. Watret,
Misses Rachel Hall and Miss
Elizabeth Snyder. There will be
no formal program during the
afternoon, the members and their
guests planning to spend the time
socially. Refreshments will be
served by the hostesses.

PARTY GIVEN AT HOME
OF GEORGE BEEKMAN

About 40 persons were guests
at a dancing party given Wed-
nesday evening at the home of
Mr. and Mrs. George Beekman,
near Pisgah. The affair was plan-
ned in honor of the birthday of
Homer Wood and proved to be
very enjoyable to the large num-
ber present.

Several hours were spent in
dancing and at a late hour deli-
cious refreshments were served.
The company included Mr. and
Mrs. Earl Lukeman, Mr. and Mrs.
Clyde Cox, Mr. and Mrs. Ivan
Cox, Mr. and Mrs. Charles Cox,
Mr. and Mrs. Homer Wood, Mr.
and Mrs. Clifford Davis, Mr. and
Mrs. J. B. Strawn, Mr. and Mrs.
A. L. Lukeman, Mr. and Mrs. W.
N. Luttrell, Mr. and Mrs. C. E.
Cusins, Mr. and Mrs. Newton
Woods, Mr. and Mrs. J. E. Miles,
Mr. and Mrs. Otha Lewis.

CHURCH CONVENTION
TO BE HELD SOON

The convention of the churches
of Christ in Morgan, Greene and
Scott counties will be held in the
church at Woodson Oct. 11. The
program will soon appear in this
paper and a cordial invitation is
extended every church to be pres-
ent. Dr. R. R. Jones of Woodson
is the president and Mrs. Gertrude
Demoreh of Winchester is secre-
tary.

CONGRESSMAN YATES
FOR BONUS BILL

Richard Yates, congressman at
large from Illinois, sent a tele-
gram to President Harding con-
cerning the bonus in which he
urged the president not to veto
the measure. Herewith is a copy
of Congressman Yates' telegram
of protest:
Hon. Rudolph Foster,
The White House,
Washington, D. C.

Please say to the President that
I cannot see him. I want to say
he will, in my opinion, make a
serious mistake if he vetoes the
bonus. I have just lectured
at chautauquas at sixty-three
different towns in the west lo-
cated in eight states, talking to
at least sixty-three thousand people
altogether and at all these meet-
ings I announced that I intended
to keep my pledge with the sol-
diers by voting for the bonus and
every such announcement was re-
ceived with unanimous applause.
I am satisfied the people favor the
bonus and I am equally satisfied
that in Illinois a veto will be re-
garded as an absolute surrender.
RICHARD YATES
Congressman At Large
From Illinois.

IS BUILDING HOME

Work on the new home of Dr.
H. L. Griswold on Mound avenue
in West Jacksonville is progress-
ing satisfactorily. "This is a con-
crete and stucco modern dwelling
and excellently located. The lot
was purchased by Dr. Griswold
from Mrs. T. J. Witner.

WILL SHOW FILMS
AT WESTMINSTER SOCIAL

As part of the entertainment
program at the students' recep-
tion at Westminster church to-
night two films will be given,
"Convergent Paths" and "A
Mother's Child." Following the
films will be a radio program.

Dr. Smith returned yesterday
from Chicago where he went to in-
terview several firms that special-
ize in furnishing films to church-
es. Next Sunday evening Dr.
Smith will preach on the film
"The Lord Will Provide." More
and more churches are using mov-
ing pictures in their services and
public interest in this form of
service is increasing.

**Cafeteria supper, at Mt.
Zion church, 6 mi. west of
city, Sept. 28; serving begins
at 5 p. m.**

CARD OF THANKS

We wish sincerely to thank all
of our friends and neighbors who
so kindly assisted us before and
after the death of our loved one.
Your sympathy and kindness are
appreciated, we assure you, also
for the many beautiful flowers.
Charles E. Patterson.
Mrs. J. Eroll Shibe.
Mrs. W. B. Lowery.
Mrs. J. W. Martin.

The Ladies' Aid Society of the
Brooklyn church will meet at the
church this afternoon at two
o'clock.

Mrs. Loren Sackett of Morris is
spending a week at the home of
her mother, Mrs. Wiswell on West
College avenue.

FLUX RECEIVED
FOR ASPHALT PAVING

Another Car is Awaiting and
Work Will Begin Early in
Coming Week.

A car of flux oil needed to mix
with asphalt was received yester-
day by the Standard Paving Co.
and Mr. Thatcher of that com-
pany stated that another car is al-
most certain to arrive tomorrow.
This oil is shipped in tank cars
from the east and the contents
must be subjected to great heat
before the oil is mixed with the
asphalt. The spreading of as-
phalt on the foundations will not
begin until the second car of oil
arrives, as Mr. Thatcher said it
would not pay to put the mixing
plant into operation unless more
than one car of oil is available.

The work of laying concrete
foundation on Webster avenue is
now in progress and a like work
will begin on West College ave-
nue immediately after Webster
avenue has been completed. It
is expected that the laying of as-
phalt will begin Monday or Tues-
day of the coming week.

FARMERS, NOTICE.
Bring us your clover seed.
P. W. FOX.
